

WHOLESALE

Thank you so much for your interest in becoming a stockist.

Please find some more information below;

Orders can be placed via email, phone or through the online wholesale page where you can view the wholesale prices and place an order online.

I always check that my stockists are far enough apart, especially as I know many are small, independent businesses for whom selling unique products is important.

There is a minimum order of £45.00

Orders are sent via Royal Mail unless requested otherwise. Postage and packaging is £4.50 for Second Class Signed For or £7.00 for First Class Signed For.

Postage is included for orders over £95 if you pay upon ordering.

If you prefer to be invoiced, you can choose to be sent an invoice with 28 days credit.
(Please note a postage fee still applies at checkout)

All cards come ready packaged in a bio-degradable, compostable cellophane wrapper with an envelope. You may also request 'naked' cards and they will come without the wrapper. Orders are packaged using eco-friendly packaging.

Cards are sold in wholesale packs of 6. Prints are sold in wholesale packs of 3.

All cards are packed by myself and lead time is usually between 2 and 5 days depending on the size of the order, but I can provide an accurate postage date upon ordering.

If you would like to place an order, please get in touch, including a little bit of information about your business. Once I have double checked there are no existing stockists in your area I will provide you with a password for the online stockist area where you can view the wholesale catalogue and place an order.

I look forward to hearing from you!
